

# Kiln-Dried Pine Sidings

1 X 12 KILN-DRIED WHITE PINE LAP SIDING

## 1 x 12 Kiln-Dried White Pine Lap Siding

Kiln-dried siding virtually eliminates shrinkage and splitting while allowing for the beauty of the knots to remain for a more rustic look. White pine boards are 1" thick x 12" wide. The horizontal placement results in the overlapping of the boards which exposes 10" of width.

1 X 12 KILN-DRIED WHITE PINE  
BOARD & BATTEN SIDING WITH KNOTS

## 1 x 12 Kiln-Dried White Pine Board & Batten Siding

Kiln-dried siding virtually eliminates shrinkage and splitting while allowing for the beauty of the knots to remain for a more rustic look. White pine boards are 1" thick x 12" wide. Boards are placed vertically with 2" wide strips (battens) covering the seams.
